**Intercon 1 Introduces Infini Flex™ Camera Link® Cable Assemblies Featuring
GORE™ Camera Link® High Flex Flat Cable;
*Offering Superior Performance for 10 Million Flexes***

WAYZATA, Minn.--(BUSINESS WIRE) June 4, 2008--The Intercon 1 division of Nortech Systems, Inc. (Nasdaq:NSYS), a global leader in the supply and manufacturing of Machine Vision analog and digital video cables and assemblies based in the United States, introduces its newest member to the Infini Flex™ series with Camera Link® cable assemblies featuring GORE™ Camera Link® High Flex Flat Cable.

Intercon 1 is pleased to be able to provide its customers with highly reliable flat cable assemblies designed specifically for cable carrier systems. Industrial applications include automated pick-and-place machines and semiconductor wafer manufacturing. These new assemblies are designed for more than 10 million flexes, while providing maximum resistance to severe mechanical and environmental stresses along with superior electrical performance and signal integrity. The non-particulating ePTFE jacket is ideal for clean-room applications.

About Intercon 1

The Intercon 1 division of Nortech Systems (www.intercon-1.com) designs and manufactures specialized camera cables and cable assemblies for machine vision technology. Since 1988, Intercon 1 has led the market with sophisticated engineering, specialized tools and creative tactics supporting innovative vision systems. Applications include product verification and testing for medical, electronics, automotive and other industrial customers. While helping develop critical commercial standards, Intercon 1 also remains a conceptual leader within its industry.

About Nortech Systems Incorporated

Nortech Systems Incorporated (www.nortechsys.com), based in Wayzata, Minn., is a full-service electronics manufacturing services (EMS) provider of wire and cable assemblies, printed circuit board assemblies, and higher-level complete box build assemblies for a wide range of industries. Markets served include industrial equipment, military/defense, medical and transportation.

The company has manufacturing capabilities and operating partners in the U.S., Asia and Latin America. Nortech Systems Incorporated is traded on the NASDAQ Stock Market under the symbol NSYS.

About W.L. Gore & Associates, Inc.

Founded in 1958, W.L. Gore & Associates (Gore) has parlayed its unique technical capabilities into hundreds of diverse products and is world-renowned for its expertise in configuring the remarkably versatile polymer PTFE. This has resulted in numerous products for electronic signal transmission; fabric laminates; medical implants; as well as membrane, filtration, sealant, and fiber technologies for diverse industries. With over \$2 billion in sales, the company headquartered in Delaware in the US and employs more than 7,000 associates at 45 facilities throughout the world. For more information, please visit gore.com.

The Automated Imaging Association (AIA), as sponsor of the Camera Link® committee, owns the U. S. trademark registration for Camera Link®.
